Paul checked. Gary says one or two substitutes

2/8/69

Dear Gary and Paul,

Pursuant to Pauls most welcome suggestion, I will Monday morning, when the P.O. is open and I can send insured, send ~~xx~~ him Gary's January Archives order.

Because I could not immediately locate the list Gary had provided me, probably because it is just where it should be, filed - the one place I didn't look - I have made a list of each sheet. There is a copy.

The order came to me in two batches. I kept it that way. I began to copy one of the two, the second, as it happened. I made copies of some for me, copies of some for Paul. I have them separated. Those that I had begun to copy for Paul are also separate, with a large clip on them. I suggest he check them carefully, for the machine is not working as it should and there may be an occasional skip.

I do thank you both

Those of which I have copies are on the second sheet, under the line.

This has been a quiet day. Nothing new.

Sorry this took so long.

Sincerely,

Gary's 11/16 order
